OVERVIEW

PANKY

SURFY DESK 2027

CABINET 2027

SURFY HUB 2027

2027 SYSTEM: WORKING, MEETING, WELCOMING

The 2027 trestle leg system is the striking feature of this complete and versatile collection, conceived creatively to furnish contract spaces, moving from professional contexts to the world of hospitality with a coherent mood running through its parts.

The collection includes Cabinets 2027, Workstations 2027, Surf 2027 desks and tables, and the "Panky" modular seating system, with modern, functional design. The recurrent feature of the system is the self-levelling base with trestle legs, at 20 ° inclination for cabinets, tables and small tables, and then at 27 ° for modular seating and large tables. These slender and resistant legs are in painted aluminium, available in a wide range of colours to allow the greatest possible personalisation in the workplace. The suspended cabinets are also available in white melamine or in the same matt lacquers to match the frames, and are simple to keep clean, even by robot vacuum cleaners. The worktops, with their simple, clean lines, come in a choice of laminate finishes, and are available with metal cable passages to the floor or ceiling, in the same profile and finish as the frames.

FRAME COLORS / COLORI STRUTTURA

MELAMINE CABINETS FINISHES / FINITURE CONTENITORI MELAMINICO

Melamine / Melaminico: White 00

CABINETS, DESKS & WORKSTATIONS

Gaber introduces its integrated solutions crossing the world of office furniture: a journey into our furnishing for professional contexts made of operative workstations and meeting tables, part of the 2027 system. We have made a modern and functional system for our products, identifying flexible design paths, with a wide range of colors and modularity that allows you to create versatile and customized settings. Greater working flexibility is also provided by the electro-activated Sit-Stand Azione table, which can be combined with the Ritmo stool, both adjustable in height, and finally by the Flipaway stackable folding table.

ACOUSTIC COMFORT WORKING & MEETING

The sound-absorbing parts, available in ceiling, wall, table or free-standing variants - as well as the Elodie task chair with its sound-absorbing backrest - contribute to the comfort of the work environment. The Gaber office collection is then enriched with the Display open bookcase, and is completed with four and five-star based chairs and meeting tables also with wood finish, as well as chairs with writing tablets, ideal for education and conference rooms.

PANKY SEATING SYSTEM

Panky is the modular and customisable seating system for furnishing waiting and reception areas, based on the 2027 trestle frame that allows it to be combined with operational office furnishings. The creation of a Panky configuration entails 3 simple steps, shown alongside: choose the frame, available in 3 lengths; compose the sofa with cushions, cushions with back and/or armrest, tops; and finally join up the composition with 45° or 90° connections, whether composed of service tops or cushions.

LOUNGE & WAITING

Gaber offers a wide range of seating to furnish waiting and hospitality spaces: from modular systems such as Social-ize 2027 and Grand Place, to single lounge chairs that range from a young look to more formal solutions, up to beam seating intended for specialist areas. To complement the proposal, numerous coffee tables of different heights and finishes are available.

CANTEEN & BAR

The products dedicated to hospitality, always at the centre of the Gaber range, allow you to furnish corporate breakout and canteen areas, thereby creating harmoniously co-ordinated spaces. There is a wide choice of side and armchairs, bar stools and tables, as well as café and restaurant tables, already rich in possible combinations of colours and finishes, but further customisable according to contract needs.
